

Patient Payment Policy

The practice is committed to providing a high standard of treatment and service to its patients. To achieve this goal it is important that treatment fees are collected efficiently.

All patients are provided with a treatment plan and estimate before the treatment commences which has details of the payment terms and the fees payable for treatment.

To avoid unnecessary costs or inefficiency fees are collected before each treatment plan has been completed, with the fees payable as treatment progresses, with the full balance due before the final appointment.

In the eventuality that fees are outstanding at the end of the treatment plan, the balance is collected at the last visit of the course of treatment.

If there are fees outstanding after the last visit, the practice will write to or telephone the patient to request payment. Reasonable steps will be taken to collect outstanding fees before a third party agent is instructed or legal action is initiated. In the failure to obtain outstanding fees, a third party agent is instructed to collect the fees and subsequently the cost of their service will be collected in addition to the outstanding fees, both at the patient's financial responsibility.
